

HOLDAHL C O M P A N Y

Holdahl Company is proud to offer this efficient and ecologically oriented form of payment.

eCheck is a form of Electronic Funds Transfer (EFT) that is secure and safe.

In 1978 U.S. Congress passed the Electronic Funds Transfer Act to establish the rights and liabilities of consumers as well as the responsibilities of all participants in EFT activities in the United States. The security of these transactions is paramount and will be handled in the strictest confidence and controls.

EFT's are an electronic exchange or transfer of money from one account to another, either within a single financial institution or across multiple institutions, through computer-based systems. Our eCheck process is a direct debit payment, authorized by you, for which Holdahl Company debits your bank account for payment.

How does this work?

- You may call our Accounts Receivable (AR) department to set up the process for your company.
- You may establish:
 - a one-time payment
 - multiple payments
 - an agreement for e-mail authorization of invoice payments
- Call or e-mail payment instructions after you have established the program for your company and made your first payment via eCheck.

Contact our Accounts Receivable: 763-231-3140 to discuss the program.
